

COMPASSIONATE LEADERSHIP

LEADING YOU TO INCREASED PRODUCTIVITY

During the course of this powerful and inspirational training, Paul shares insights from his personal life, his twelve year career as a Police Officer / Detective and now corporate trainer and international speaker.

Participants learn the links between increased self awareness and true leadership. They understand the importance of holding the vision, demonstrating respect and acceptance through behaviors and are taught skills to create a thriving, productive and more profitable work environment.

Going beyond mere technique, **Compassionate Leadership** connects leaders, managers and staff to their personal values and creates congruent messages and actions in your company.

Topics Include:

- A more personal definition of Leadership and it's responsibility.
- The correlation between **Vision** and **Beliefs** and the importance of making the actions of your company congruent with them.
- How **Internal Drivers** impact choices.
- Improving productivity by increasing your own, and your staff's, self esteem.
- Help your staff improve how they deal with their clients.
- Anger, what it is and how to work with it.
- Effective tools to communicate better with your staff and clients.
- How to restore trust in your team and with team members.
- How thoughts create reality.
- Creating and harnessing the power of working together towards an agreed upon vision.

What They Are Saying:

"Before this training I was TERRIBLY FRUSTRATED at work.

Now I am more focused on the things I can really change.

Thank you for enriching both me, and through the practice of these methods, my staff."
